ABOUT US

FEMA MARINE SA is a global yacht management company with a team of professionals providing services worldwide.
With the head office in **Switzerland**, offices in **Turkey** , **Singapore and Antigua & Barbuda,** our commitment is to provide a service that builds trust, demonstrates expertise and supports owners, brokers, their clients and buyers.
We have a large team of skilled and experienced yacht surveyors offering worldwide service and expert advice.

Our mission is to support yacht owners, buyers, lawyers and insurers with yacht management, complex insurance claims, acquisitions, repairs, refits, surveys, provide spare parts, water toys.
We hold the requirements of Classification Societies such as LY2 and LY3 as well as the UK MCA Codes and are familiar with all Flag State regulations.

OUR VALUES

TAILORED TO YOU

We take the time to understand your yacht, your crew, and your personal goals and priorities, ensuring we can fully meet all your needs and desires.

QUALITY RESULTS

We only enter into contracts with clients and yachts where we are confident in our ability to provide effective support.

UNRIVALLED NETWORK

Our unmatched network, built on years of experience, offers cost savings, faster delivery, and reliable support for Captains and Owners.

COMPLETE TRANSPARENCY

You will always receive clear, comprehensive updates on every task we handle for you, your Captain, and your yacht. We can also tailor these reports to suit your specific needs and preferences.

TECHNOLOGY DRIVEN

Taking the management and survey of your vessel seriously, we use industry-leading yacht management software at the core of our services, enabling us to make data-driven decisions that ensure you receive the best possible experience.

HONESTY

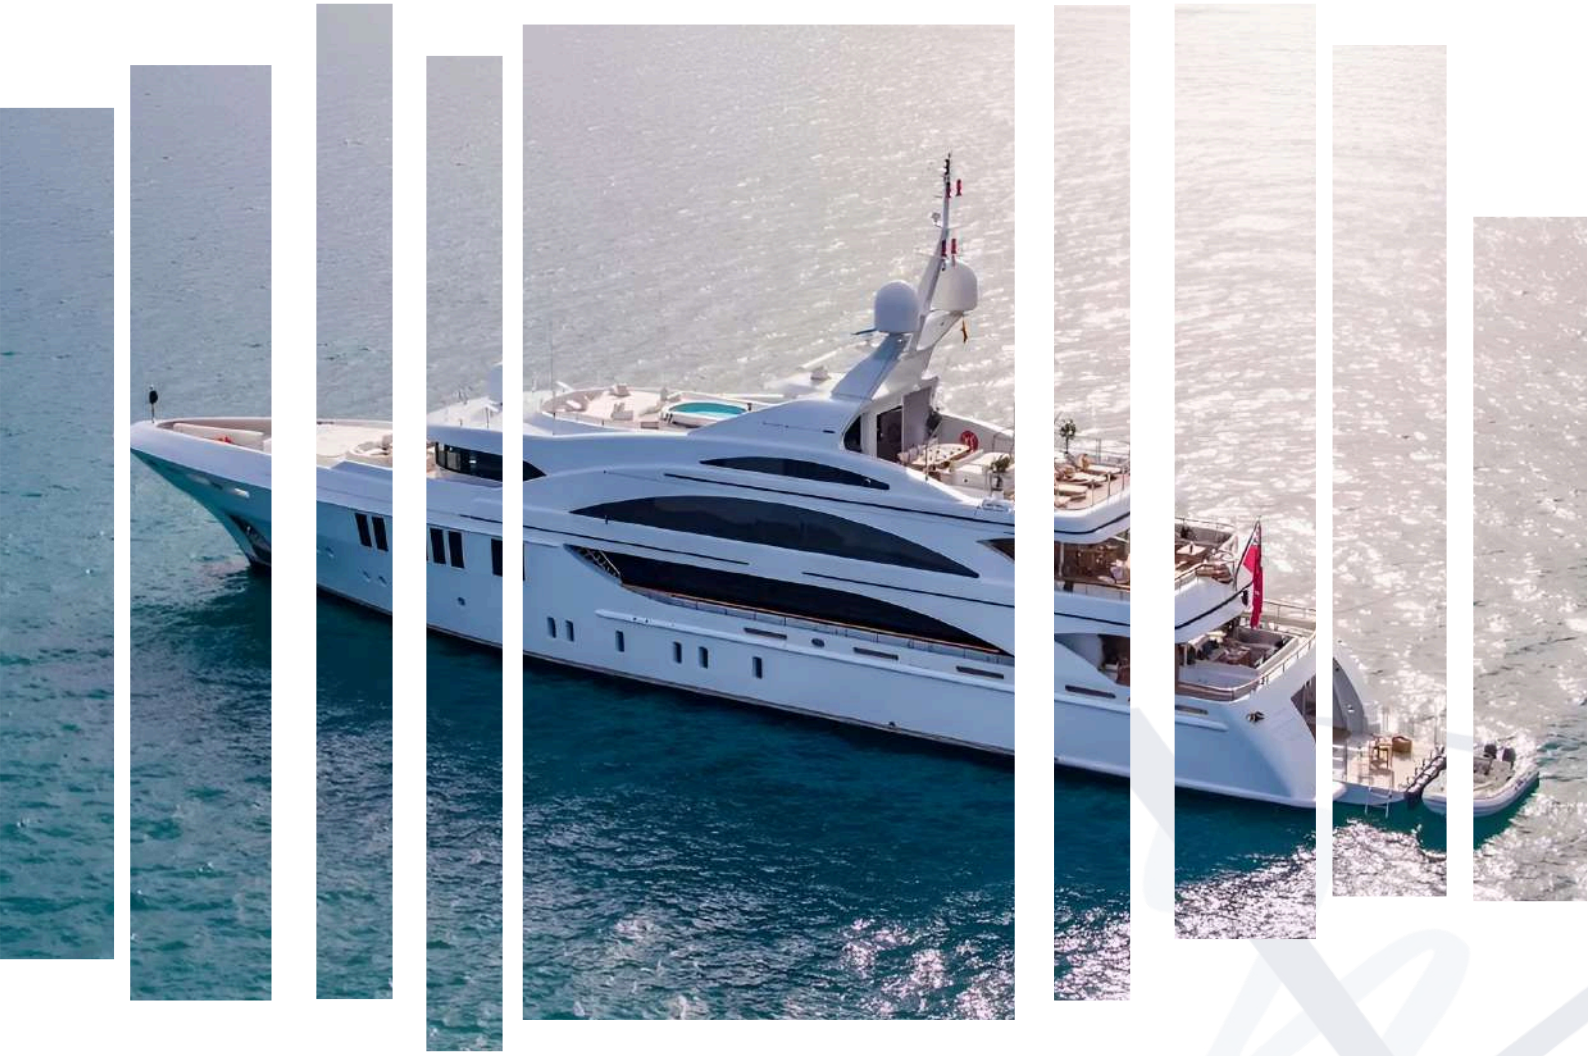

Honesty, even when challenging, is central to everything we do – whether working with suppliers or providing advice to help you achieve your yachting goals.

ALFA NERO

FLEET

As a global player in the marine industry, FEMA MARINE SA has a fleet of 38 vessels, ranging from 50 to 130 metres in length.
Strategically located across multiple regions worldwide, we offer a comprehensive suite of services, ensuring the optimal performance and maintenance of our vessels.

At our company, we prioritise the satisfaction of yacht owners. We have confidentiality agreements for some of our vessels, which means we cannot disclose the names of all of them.
However, we are pleased to share the names of a few of our vessels: **ALFA NERO, LA BLANCA, AXIOMA , SARASTAR, PURPOSE** and **AMANTIS.**

ST. BARTHS

SERVICES

Our team of seasoned marine specialists are ready to handle your requirements with clarity, openness, and understanding.
We provide highly specialized yacht management services, available to you around the clock.
By utilizing our advanced yacht management software, access accounting and operational data about your vessel in real time.
We are confident that every aspect of your needs, along with those of your yacht and crew, is comprehensively addressed.

IMS

DOC / FLAG AUTHORITY

We are certified for Safety Management by many flag states including Malta, Antigua & Barbuda and others.

Our company is one of the few companies with local authority from these flag states for Turkey, Switzerland, Singapore and the Mediterranean region in general.

In addition to the yachts in our fleet, we also provide Safety Management services to many other yachts with experts in our company.

Compliance

Our Safety Management System services ensure the safety of your guests, crew and yacht. Our experienced DPAs and managers are available 24/7 to address or troubleshoot any issues.

Thanks to our leading software and experts, managing your yacht's compliance requirements, ISM/ISPS/MLC, with international regulations has never been easier.

FEMA
MARINE

Crew Management & Payroll Services

The solution to your yacht's high staff turnover and unqualified crew members is here. Fema Marine Crew consultants are carefully selected for their expertise in yachting and professional crew management. They ensure that your candidates are not only fully qualified and MLC compliant, but also perfectly matched to the personality and dynamics of your yacht.

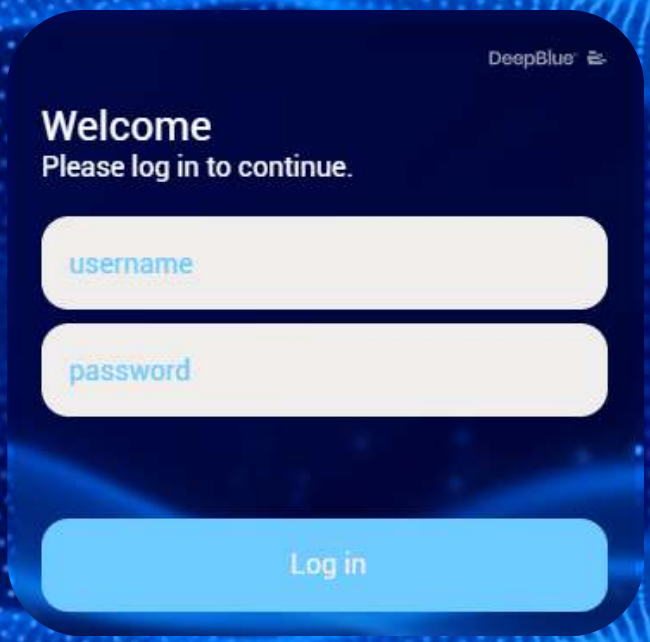

FEMATRIX

Superyacht operations have long been a complex juggle of multiple systems, endless emails, and spreadsheets. With FEMAtrix (powered by DeepBlue) , you have complete yacht management and access to all financial information. Money makes the superyacht world go round, and at the heart of FEMAtrix (powered by DeepBlue) is the accounting module, which streamlines all yacht financials, simplifying managing budgets and expenditures. Full Compliance (ISM) issues are incorporated into the program. As superyachts grow in size and complexity, FEMAtrix (powered by DeepBlue) is at the forefront of management solutions, offering a centralised platform integrating a 360-degree approach to all yacht operations.

FEMATRIX

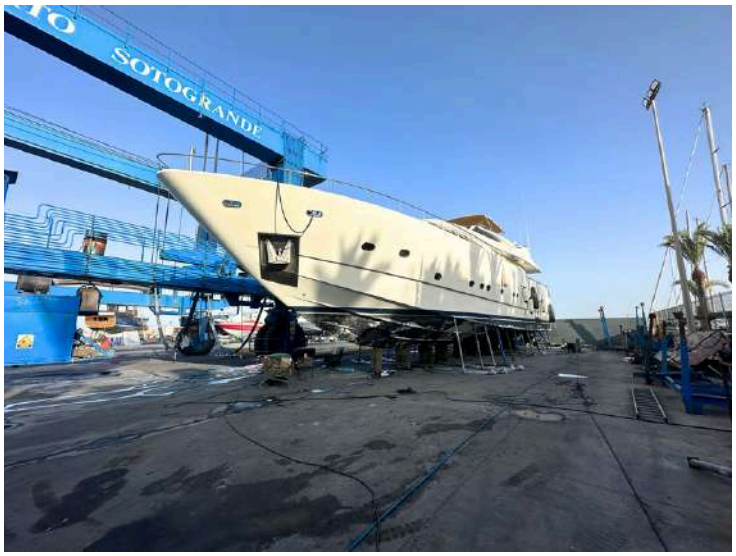

ALFA NERO

Technical Management

You have access to fast and efficient shore-based support from the most skilled Master and Engineer Mariners, covering everything from berths and bunkering to repairs, parts, and maintenance schedules. Our state-of-the-art planned maintenance and operational software makes yacht maintenance and day-to-day operations on board seamless.

Logistics and Purchase Assistance

We are here to inform buyers about the vessel's technical condition. Purchasing a yacht can be challenging, and without the right tools, you might end up paying too much, only to face unpleasant surprises after the transaction. Fema Marine provides the most accurate information on the yacht and its equipment, ensuring you make an informed decision.

Accounting Services

Our marine accountants do more than just track and verify spending and billing on your boat. They provide fully transparent reports and give you constant access to the yacht's bank accounts and bookkeeping software, ensuring you have everything you need for the best possible decision-making.

Survey & New Build & Refit

Through our parent company, we are able to provide both pre-purchase/sales consulting services and oversight for new build and refit projects. Trust FEMA Marine to ensure your next project goes smoothly. With high-tech equipment and a professional survey team, FEMA Marine provides the best independent surveys for all yachts and passenger yachts, with detailed data on each aspect.

Water Toys

FEMA Marine is proud to provide high-quality water toys for your guests' entertainment. Our products are delivered promptly, ensuring your yacht is equipped with everything necessary for an enjoyable experience.

Among our offerings are **TKO Jetboards**, for which we are the authorized dealer for Europe, Turkey, and the UAE.
Tko Jetboard is developed by naval architects with extensive CFD simulations, validated with countless hours of testing.

We are also the distributor for **SEARAFT** in Turkey and Switzerland, offering Custom Design Seapools, Platforms, Jetski Docks, and E-foil Docks.

We provide high-quality custom configurations tailored to your yacht's exact specifications.

Interiors

The interior of a boat is of paramount importance and requires a high degree of attention to detail. We offer the highest quality service with a professional approach to welcome our guests onboard.
Our priority is to deliver a fast and flawless service that consistently meets the highest standards of quality.
We are here to take care of every detail, so you can simply enjoy your boat.

LA BLANCA

Experience a service that’s trustworthy, expert, and respectful to brokers, clients, and buyers alike.

Let’s achieve your goals together!
